Hi, everyone. I will tell you about summer vacation in my country. For many students, summer vacation is their favorite time. In Japan, I know it is about three weeks long. It begins in July and ends in August. It is a little short. Do you like summer vacation? What do you do during summer vacation? I know you usually have a lot of club activities. You don't have to study at school during the hottest season in a year. But you have a lot of homework. Do you try to do housework for your family? I think it is important.

How about the summer vacation of my school? It is longer than summer vacation in Japanese schools. It begins in June and ends in September. It is about ten weeks long. We don't have any homework and club activities. We can spend the time as we like. Some enjoy playing sports and some enjoy reading. We don't have club activities at school, but there are some different sports teams in my town. So, we can play sports with those teams. I can also enjoy swimming and fishing in the lake near my house. I have BBQs with my family every summer. I love summer vacation!

### 【まとまりのある文章を書くコツ】

全部を自分の力で書くのが大変な時は、次の方法が便利です。

(1) 本文から使えそうな英文を抜き出して、自分に合うように変えて書く。

(2) 20語の指示なら、10語の文を2つ書くより、5語程度の文を4つ書く方が楽です。つまり、短い文を積み重ねて、指示語数を目指す。
