Saturday, August 7th.

I went to Hokkaido with my family this summer. We went there by plane. When we arrived at Sapporo airport, it was raining. When I got up the next morning, it was sunny. We went to Furano by bus, and I saw a lot of beautiful flowers there. They were lavender.

We came back to Sapporo, and enjoyed shopping. I bought a T-shirt, and my sister bought a white handkerchief. We ate a lot of fish and enjoyed sushi at a restaurant. Sushi is my favorite food. I especially like chu-toro. It was very delicious.

I was impressed with the sky in Furano because it was so high and big. It was very beautiful. I also remember the kind people there. They told us the way to the bus stop. They said, "Have a nice trip. Visit our town again, please." I was happy to hear that.

Mr.Crowley: Oh, you did? Did you enjoy your trip?.

Yuto : Yes, I did. Have you ever heard anything about Furano in Hokkaido?

Mr.Crowley: Yes, I have. Furano is very famous for lavender. I learned about Furano from the Japanese popular comic book "Captain Tsubasa".

Matsuyama Hikaru, one of the player was from Furano F.C.

Yuto : Wow, you know a lot about Japanese comic books.

Mr.Crowley: Oh, yes. I sometimes read them on holidays.

By the way, did you try Sapporo ramen?

Yuto : Yes, I did. The miso soup was delicious. I have never eaten such ramen. Have you ever tried Sapporo ramen there?

Mr.Crowley: Yes, I have. When I was a college student, I rode a bike around Hokkaido for two months. There are a lot of mountains and lakes in Hokkaido. Hokkaido is like my hometown, Michigan.

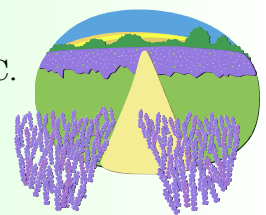

Yuto :

Mr.Crowley : Because Hokkaido is the second largest island in Japan. (ice floes : 流氷)

And I have wanted to see ice floes, too. They were really beautiful.
